

The School Curriculum

The Curriculum is the outline programme of everything our children learn whilst they are in school. During the 2016-2017 school year, all local authority community schools were working hard to plan and deliver the new national curriculum

How do we present the Curriculum to the children?

With the approval of the Board of Governors, the members of the teaching staff have drawn up a programme of work for each of the subjects they teach. The programme is in line with the requirements of the New National Curriculum and provides a fund of knowledge in each subject. It also sets down specific skills, which we hope the children will be able to use in later life.

The most important part of the curriculum is the development of the skills of the English language. reading, writing, speaking and listening all have an important part to play in the way in which we communicate with each other. Listening and speaking are very important, as it is in this manner that we do most of our communicating. We encourage our children to express their views clearly and stress the importance of listening carefully to the spoken word.

Ewanrigg Junior School Whole School Long Term Plan 2016-2017

EWANRIGG JUNIOR SCHOOL WHOLE SCHOOL LONG TERM PLAN CYCLE 1- 2016-2017

		Autumn term		Spring term		Summer term
