Formative Assessment

Formative assessment will be carried out using material at the child's level of ability not their year group.

In maths we will use teacher assessment throughout learning journey, the Assertive Mentoring Stage criteria, My Maths data (homework) and Big Maths progress results.

In English we will use teacher assessment throughout learning journey, guided reading questioning, the Grammar Hammer stage criteria, Weekly spelling test data, book quiz data and Ewanrigg Junior School Writing criteria data.

This will inform staff as to the exact stage that each child is working at and therefore allow gap filling and accelerated progress based on individual need. These assessments will inform staff of children whom may require specific intervention.

Summative Assessment

Each child's attainment will be reported according to their ability group and using the following terminology:

- Emerging e.g. Y3E
- Expected e.g Y3X
- Depth e.g. Y3D

All children will complete their ability appropriate assessment. They can only be reported as working at depth if they are working within their age appropriate year group.

KS2 entry data for September 2016 Year 3 will be collected by the children repeating the new End of KS1 assessments and this data will be used to track progress from Y3 entry to Y6 exit.
